 Sensory Processing Sensitivity Scale

 HSPS

The diagram illustrates the structure of the HSP protein. It consists of three horizontal bars representing different regions. The top bar is labeled 'HSP' and contains 10 small squares. The middle bar is a single continuous line of 20 small squares. The bottom bar contains 5 small squares.

HSP

HSP

A number line starting at 0 and ending at 100. Major tick marks are labeled every 10 units (0, 10, 20, 30, 40, 50, 60, 70, 80, 90, 100). There are also minor tick marks between the major ones, representing 1-unit intervals. A blue arrow starts at 0 and points to 10, indicating a jump of 10 units.
